RALLY IS COMMING BACK TO UTENA

“Samsonas Rally Utena 2023” is not only the final chord of the Lithuanian Rally and Rally Sprint Championship, but also the last stage of the Latvian Rally Championship, so here, in Utena, surrounded by endless rally history, the fate of the future Lithuanian and Latvian champions will be decided.

The competition, which will be held on September 30th and October 1st, will offer competitors 14 breathtaking special stages in the districts of Utena, Anykščiai and Molėtai, many of which were driven only a decade ago or even earlier. Due to the special landscape of this region, the roads are characterized by their technical nature and an abundance of natural jumps and crests that leave no one indifferent when watching this spectacle of extremely fast cars. In addition, the first day of the rally at Saturday evening will be crowned with a special stage at night through the streets of Utena, where spectators will be able to see the play of night lights, red-hot brake discs and flames from the exhaust pipes.

The guests of the event who have come to Utena and the residents of Utena themselves will be pleased not only with an attractive service park, but also with an entertainment program where every spectator will find something interesting. “Samsonas Rally Utena 2023”, which was the most numerous last year, will also aim at this title this year, and a group of invited foreign guests will help, so that the competition in “Samsonas Rally Utena 2023” will be maximum.

ORGANISER GREETINGS SPEECH

One of the biggest challenges is the specificity of special stages

For us organizers, one of the biggest challenges is the specificity of special stages and ensuring their safety for the competitions, well-planned preparations, and a smooth event. I always strive to find more interesting and attractive rally format solutions for both drivers and spectators. Although "Samsonas Rally Utēna 2023" is being held in Utēna for the second time, there are always new challenges that only further strengthen the desire and motivation to put in all the effort to make the city of Utēna and the surrounding regions the center of attraction for the rally community.

I am delighted to have a loyal, enthusiastic, and idea-rich team whose main passion is rallying, and together we are improving ourselves and the event. Traditionally, along with the whole team, we will pay great attention to the safety of all event participants because this attribute is the most important in rallying. We will also promote fair competition among athletes.

The entertainment part of the event will allow the residents of Utēna and city guests to enjoy not only the impressive views of the rally speed stages but also to have a meaningful and enjoyable time in Utēna city. I want to express my gratitude that the "Samsonas Motorsport" team is actively involved in the event organization processes and is an integral part of "Samsonas Rally Utēna 2023", and together we can achieve new goals and overcome new challenges more smoothly. I especially want to thank the Utēna District Municipality for their ongoing friendship and cooperation, and their immediate assistance. I also want to thank the Molētai and Anykščiai district municipalities for their contribution to the development of motorsport culture in their areas.

I wish the participants of "Samsonas Rally Utēna 2023" a fair and exhilarating competition, a safe event, and successful starts and finishes. For the spectators and rally enthusiasts, I wish memorable moments and a festive atmosphere.

"Samsonas Rally Utēna 2023" organiser

Arvydas Petkevičius

MAYOR'S GREETINGS SPEECH

Region of Utena will not be left out of Lithuanian Rally map this time

Utena region, which has been developing motorcycle and car sports for decades, will not be left out of the Lithuanian rally map this time, which will please many residents of Utena and guests of our region. At this rally we will welcome a large group of participants from Lithuania and other countries.

During the rally, the final battles will take place, which always promise greater intrigue, a tougher fight and a great spectacle for all. The two-day event will undoubtedly be a feast for all motor sport lovers, of which there is certainly no shortage in our country.

I would like to thank the organizers of this rally, volunteers, elders, organizations and companies that every year contribute to the organization of this event, which has become a tradition.

We would also like to thank the residents of Utena district, who live near the routes and also contribute to the smooth running of such national level events, for their understanding and temporary inconvenience.

I wish all guests of the rally a good mood, a meaningful time and unforgettable moments that fascinate everyone.

Mayor of Utena district municipality

Marijus Kaukenas

GREETINGS SPEECH OF MARTYNAS SAMSONAS

Dear Rally friends

Last year our "Samsonas Rally Utena" became the best 2023 rally event in Lithuania and managed to step into top of all best Lithuanian autosport events of year 2023.

This year we are here to make it even better. Step by step.

I personally believe that rally must be built for drivers/codrivers and their teams, as they are all the best actors of this big rally theatre that we make. Without drivers and teams we would not have any of this.

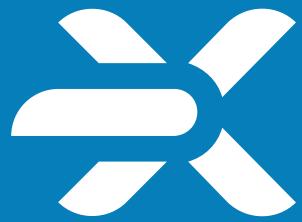

So we will focus mostly to make all crews happy and enjoying the event. Fast and twisty stages with many natural jumps, comfortable route, clear information and ofcourse - a warm welcome.

Of course we will not forget our rally fans and spectators. We will have best areas to enjoy jumps and nice views, also providing concerts on Saturday and Sunday evenings.

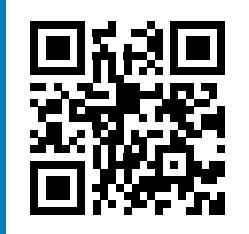

And last and also very important thing is that we want to pay tribute to our rally city Utena, its government, its people and everybody here in Utena, who works hard to bring you this show, and of course to all true rally fans!

Be safe and enjoy the rally
The director of Samsonas Motorsport

Martynas Samsonas

Highways:	130 km/h

Reconnaissance schedule

The schedule and route details are provided in the attachments section of this rally guide.

Speed during reconnaissance

All reconnaissance of Special Stages has to be done at reasonable speed in accordance with Lithuanian traffic rules. The maximum speed set for reconnaissance at the Special Stages is 70km/h, unless lower speed limit is imposed by traffic signs (50km/h or 30km/h) marked in the Road Book or additional signs placed by the Organizer. Violating the rules and exceeding the speed limits on public roads will also be fixed and fined by the Lithuanian Police according to Lithuanian Traffic Act. Safety tracing system (STS), **GPS tracker data will also be monitored during liaison.**

Passages count

A maximum 2 passages over each Special Stages is permitted during reconnaissance. Special Stages run twice are considered to be one Special Stage.

Restrictions of Reconnaissance

Driver, or co-driver, or any other team member who has entered or intends to enter the rally and who wishes to drive on any road which is or might be used as a Special Stage in the rally after publication of Supplementary Regulations, may only do so after he has obtained the written permission from the Organiser. This shall not apply when the person is known to live along the specific road. Failure to respect this rule shall result in driver being reported to the Stewards.

Passengers count

During each passage through a Special Stage, a maximum of 2 persons are permitted in the car.

GPS SPEED CONTROL CHECKING DEVICES
