## THE FATE OF 3 CHAMPIONSHIPS IN UTENA

„Samsonas Rally Utena 2024“ invites all speed lovers to the autumn finale of the three championships on September 27 and 28. The fate of the Lithuanian, Latvian, and Baltic champions will be decided on the best gravel stages of the Utena, Zarasai, and Anykščiai districts.

A total of 13 special stages are planned, including a new night stage that will run twice through the streets of Utena and 3 unique stages that will be driven only once. Most of the special stages will have new, never-before-seen sections, so as always, maximum cooperation between crews will be required. The first day of the rally will feature more than 30 kilometers and the second day will include more than 80 kilometers of stages, which together will add up to more than 110 kilometers of spectacular terrain and autumn-colored roads.

Utena guests will enjoy the service park, where there is constantly something going on and offers many interesting things, as well as a rich entertainment program with concerts and catering. The coordinated aspects of the sports and entertainment parts will provide the best impressions for both racers and spectators.

The desire and ambition to raise the bar of quality every year forces to look for new ways and solutions. All this is done so that the main actors of this theater are maximally satisfied with the stage on which they will play their roles.

## GREETING FROM RALLY ORGANISER

### SAFE, SMOOTH, AND EVEN MORE PERFECT

#### COMPETITION - OUR CLAIM.

The entire organization team faces similar challenges every year, which they try to master better each time. Good planning of the logistics of the rally, the layout of the special stages, ensuring safety for participants and spectators and the smooth preparation and execution of the rally are the points where we do not count the time given. All of this is done and improved so that the crews and spectators who come will have an even more attractive event and a more convenient rally format. We have been working with Utena for four years now. With the great support of the city of Utena and the surrounding areas, we are working shoulder to shoulder to make Utena the main center of rallying in the region.

None of this would be possible without a professional, creative and highly committed team, in whose veins the rally flows every day. Together, we

strive to make "Samsonas Rally Utena 2024" better, more comfortable, and safer every time. We pay special attention to safety, as it is the fundamental value of the rally, without which such events cannot take place. We also promote fair competition between the crews and ensure that there is as equal a fight as possible.

We are happy to welcome the residents and guests of Utena with a great entertainment part of the rally in the city itself, which will allow you to have an interesting and meaningful time during the rally. As always, the team of "Samsonas Motorsport" goes hand in hand with us, with their help we can overcome all challenges, realize new ideas and make every participant and guest of "Samsonas Rally Utena 2024" feel welcome. It is very nice that all kinds of help are provided by the home of the rally - the municipality of Utena. This mutual synergy makes the end of the Lithuanian rally season special. Special thanks go to Anykščiai and Zarasai districts, whose participation in this rally will make it possible to diversify the competition with great special stages and develop the popularity of motorsport in these regions.

**I wish the participants of the "Samsonas Rally Utena 2024" maximum concentration in the fight for fractions of a second, the spectators unforgettable moments while safely following the competition, and the entire rally community a solemn and safe conclusion of the Lithuanian Car Rally Championship.**

„Samsonas Rally Utena 2024" organiser

*Arvydas Petkevičius*

## GREETING FROM THE MAYOR OF UTENA

### MOTORSPORT IN UTENA HAS BEEN GOING ON

### FOR SEVERAL DECADES ALREADY

For several decades, various motorsport competitions have been held in the Utena district, attracting a large number of participants from different countries and many spectators. It is good that the event of the Lithuanian Rally Championship traditionally does not pass by Utena, which has more than one representative of rallying that makes its country famous.

This undoubtedly makes every rally even more interesting and attractive for rally fans from Utena. It is good that such events are supported by various sponsors and partners, that everyone manages to find an agreement with the rally organizers. Organizers who, together with volunteers, take care not only of the rich content of the weekend event, but also of the safety during the rally and the maintenance of the roads afterwards. I would like to thank the residents of the all included districts for their understanding, for whom the rally often causes temporary inconvenience near their homes. Without the support of the local people, such events would hardly be possible.

Every such mass event is a great opportunity for the Utena region and its inhabitants to present themselves to guests and rally community. As municipality, we always try to contribute to this.

**So I wish all the participants a persistent fight, adrenaline and great results, and for the spectators - have a good fun and unforgettable moments.**

Mayor of Utena district Municipality

*Marijus Kaukinas*

## GREETING FROM THE MAYOR OF ZARASAI

### Dear rally fans, athletes, and guests.

Motorsport fans will definitely not miss a single rally event and are taking part in the "Samsonas Rally Utena". This event has already become an integral part of Lithuanian motorsport and attracts not only local participants but also influential crews from different countries.

"Samsonas Rally Utena" is a great opportunity to demonstrate driving skills, compete for the winner's title, and, above all, share your passion for motorsport with like-minded people. It is not only a competition, but also a celebration for all those who love speed and adrenaline.

I wish athletes, fans, and guests to prepare themselves for an extraordinary experience full of passion, competition and great emotions!

**Good luck to the participants, have a safe journey, and make as few mistakes as possible!**

With best wishes, Mayor of Zarasai district municipality

*Nijolė Guobienė*

## GREETING FROM THE MAYOR OF ANYKŠČIAI

### Dear rally fans, athletes, and guests.

It is great that a speed festival - "Samsonas Rally Utena" - is being held in our district of Anykščiai for the first time. We hope this year's spectacular event on September 27 and 28 will attract many spectators and participants. After all, in 2024 it will be the final chord not only of the Lithuanian Rally Championship but also of the Latvian and Baltic Sea Championships. We will welcome everyone who likes the roar and speed of cars.

The two-day festival will be attended not only by participants from Lithuania but also from other countries, whom I wish a successful start, and may our roads be safe for them. I wish the spectators a great spectacle, a good mood, and a time well spent.

Separately, I would like to thank the residents of Svėdasai in Anykščiai district who live near the stages. Thank you for your patience and understanding for the inconvenience caused.

**Exciting moments for everyone!**

Mayor of Anykščiai district municipality

*Kęstutis Tubis*

## GREETINGS OF MARTYNAS SAMSONAS

### DEAR RALLY FRIENDS

Our sports history dates back to 1974 when my father studied and did autosport, and we continue the work and traditions that were once started. The rally is a big part of our lives and a celebration that we share with the city of Utena, the fans and of course the participants themselves.

My team and I always try to make sure that the racers, who are the main characters of this wonderful theater, feel welcome and are received in the best possible conditions. That's why we are very happy for the participants who return to Utena and eventually become an integral part of the "Samsonas Rally Utena" family. When the racers are happy and have the best conditions for their work, it benefits the spectators, the guests of the event and the whole city, because then we have a wonderful event as a whole. We are happy that the festival will not only take place on the special stages, but also in Utena itself with a great concert program and other entertainment.

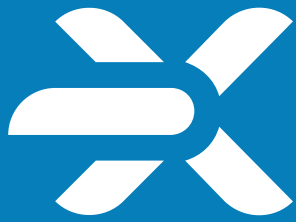

An event of this magnitude will attract tens of thousands of people to the districts of Utena, Zarasai and Anykščiai, which is a huge economic benefit that will bring publicity and life to the entire region. I would

like to thank the mayors and elders of all districts, because it is only with their direct help that it is possible to organize a rally of this magnitude.

And most importantly - I appeal to the spectators of the rally with a request to behave wisely and responsibly and to follow the instructions of the security personnel and other official staff who will inform about the safe spectating of the rally. In the event of a technical failure or driver error, sports cars can go very far without control, so you have to be very careful. Protect the children, discipline those who do not follow safety, use logic, and together we will have the best time on September 27 and 28.

**Stay safe and enjoy the event!**
